

**FX380RC 1000w Iss 1
Xenon Remote Control
Prison Grade**

APPLICATION

The **FRANCIS FX PRISON & SECURITY** range of high Power Xenon Searchlights incorporate additional design features required to successfully operate searchlights in the most demanding product operating environments.

Francis Searchlights have further improved the FX380 still further by the use of the highest grades of materials to offer strength, reliability and resistance to attack. In addition, fitted to this product is a super high quality Precision Electroformed Nickel Reflector which is virtually indestructible and will not shatter when hit by bullets.

This product is the most suitable product available for Prison and Security applications. Many projects have utilized the Francis Prison range, including Camp X Ray, Camp Buka in Iraq, several other locations in the Middle East and Europe. Naturally, Francis products are approved by many authorities, including the US and UK Army.

With the "colour temperature" of the Xenon lamp being equal to that of "sunlight" the searchlight is ideal for spotting dangers and threats at great distances.

Type	Supply	Weight	Part No
FX380 RC	115v	66KG	
FX380 RC	230v	66KG	

Various other options available, including pedestal mounting, colour and power

SPECIFICATION

- Nickel reflector, super pure, shatter proof.
- Instant re-strike. No “cooling” down time required.
- Toughened front glass.
- Immediate full lamp brilliance from switch on.
- Economical 3000 hour lamp life.
- Strong & reliable construction using the best materials.
- Stove enamel paint finish.
- Full 385° rotation.
- Tilt movement : ±25°
- Operational temperature -50°C.
- Adjustable lamp focus, 1.5° spot to 10° flood.
- Remote focus fitted as standard.
- Well proven and reliable power supply unit suitable for 50/60 Hz 1ph power supplies.
- Sealing – IP56 Searchlight, IP20 PSU.
